

## Monaro High Scripture Mid year 2013

Scripture is going well. There was a few issues surrounding timetabling at the beginning of the year for term 1, thankfully these have all been solved. Term 2 has been good there has been a good group of students form year 7 and despite a few minor teething issues for the students, regarding room changes and which period they were to come. The year 8 students have been good, we have been discussing life issues and pressures and the response has been good. They have settled back into the classes well and are opening up to have deeper discussions and they are asking more questions and thinking about things as at a deeper level.

Since the class timetable issues have been resolved the classes have progressed well. I have enjoyed the classes and the interaction with the students and some of the questions that they have been raising. It has also been good to hear their opinions, thoughts and views on Christianity and how it relates to them in their context.

I am looking forward to the rest of the year and challenging some of the thoughts and ideas that they have about the Bible and Christianity.
