

Monaro High School SRE teacher Report  
March 2020

SRE at Monaro High has been operating well so far this year. It took a little while for classes to be settled with the current construction that is happening and working with in the timetable and classrooms available. So far I have had 2 lessons with Yr. 7 and 1 lesson with Yr. 8, their second lesson is tomorrow.

The numbers with in the SRE classes are stable and consistent. There are 15 in yr. 7 and 16 in yr. 8. These numbers will remain fairly settled now.

Both classes are cooperative in the lessons and I have a good relationship with most of the students from previous years working with them.

With the Covid-19 precautions being put in place and the every changing landscape that is life at the moment the school environment is changing from week to week. As of today SRE at Monaro is continuing as normal, this may change and I will comply with the policies that the school puts in place to maintain the health and safety of the students and staff.

#### Praise Points

- We have good numbers in the classes.
- The students are working well in the classes.
- The school has not opted to remove SRE under the branding of “Non essential”

#### Prayer Points

- The whole Covid-19 pandemic
- For the health and safety of the staff and students of Monaro High
- For the continued support of the school administration and staff for SRE.
- For myself in better teaching methods and also my own health and safety.
- For the Parents of Monaro High students.

Thank you for your prayers and financial support without you none of this would happen.

Thank You and God Bless

David Reading  
SRE Teacher  
Monaro High.
