

Monaro High School SRE Teachers Report
David Reading

Due to Covid-19 face to face SRE lessons have not happened however that changes next week when classes will commence again. I been in communication with Monaro High and things are in place for everything to happen next Friday.

As there have been no classes I have been preparing lessons for this year and I am looking forward to being in class with the students.

Prayer needs

Pray for the students and the staff.

Pray for the Covid-19 situation and that schools will remain open to SRE teachers and for the safety of all staff and students.

Monaro High are still in the process of finding a new deputy principal. And also have ongoing building projects.

Continue to pray for all the staff as they navigate the ever changing classroom layout.

Thank You for all your support both financially and prayerfully.
