

## Monaro High School Teachers Report

November 2024

I want to begin by thanking everyone for their support over the year. Without your support, both financially and in prayer SRE cannot happen in our schools.

### **Year 7**

Year 7 has once again been an interesting group with only a small number of students attending. We have begun this term looking at our worldview, how we see the world. How each of us see the world through a different set of lenses influenced by our upbringing and what we believe. We are doing this by looking at the account of Genesis and the creation account from the bible and how that influences the way Christians see the world and therefore how we interact with the world. We are looking at the areas of Origin, Meaning, Morality and Destiny.

Origin – How did life on Earth start?

Meaning – what is the purpose of us being here?

Morality – How should/ do we treat others?

Destiny – What happens when we die?

### **Year 8**

Year 8 are looking at the same topic of worldview but we are discussing it through the account of Jonah and how his worldview affected what he expected God to do and how he expected God to act against the city of Ninevah. We will be looking at the same four areas as the year 7 class of Origin, Meaning, Morality and Destiny.

I have found that this topic tends to bring up good discussion and often challenges the students to think about what they really believe and why they believe it.

Thank you again for your prayers and support for this very important ministry in Monaro high school.
